# Installation Notes

6 Motor Massage – This massage system has been designed to install quickly, provide features that make it sell quickly to dealer and to the consumer. This is based on a “back – only” installation providing a 6 motor massage that has 9 programs. The installation can be completed by partially removing or slipping the seat cover towards the headrest. This exposes the massage area and the foam is cut and the motors are slipped into the foam giving a simple install time of under 30 minutes.

8 Motor Massage – 2 motors can be added to the system to create an 8 motor massage where 2 motors are placed in the seat cushion.

The wireless remote makes placement as simple as placing the remote in the glove box. For Dealers, the massage system can be transformed into a “perceived factory option” by programming the remote into the factory installed Homelink system. The dealer can simply press the Homelink button to demonstrate the concealed massage system on the showroom floor providing a dynamic and surprising comfort option.

# Program Sequence

Zone1 = Upper Left

Zone2 = Upper Right

Zone3 = Lower back

Zone4 = Thigh

Program 1: Z1 --> Z2 --> Z3 --> Z4 : "Chaos" Very quick change between motors.

Program 2: Z1 --> Z2 --> Z3 --> Z4: "Wave"

Program 3: Z1 --> Z2 --> Z3 --> Z4 : "Wave" with intensity: low to high

Program 4: Z1 and Z3--> Z2 and Z4 : "Criss Cross"

Program 5: Z1 --> Z2+Z4 -->Z3 : "Motion"

Program 6: Z1+Z2+Z3+Z4: "Revitalizer" all motors on

Program 7: Z1+Z3 --> Z2+Z4 --> Z1+Z3: "Round About" motors pulse in a circular pattern

Program 8: Z1+Z2+Z3+Z4 : "Swell" all motors on with intensity: low to high

Program 9: Z2 , Z3 , Z4 move randomly

## Selling Points

- Quick Installation in seat back
- Wireless Remote, no bulky cord or wand to mount
- Can be turned on and off by Homelink
- 9 different modes (massage patterns)
- 5 different intensities
- Can increase blood flow to help driver to improve alertness
- Can also be installed with any Seat Comfort Systems seat heater.  
Just first install the massage as per installation instructions, and then install seat heater as per installation instructions.
